

ENVIRONMENTAL POLICY

PP-IMS-POL-002

Process Property Services is committed to minimising the environmental impacts of our operations and effectively managing our environmental risks and impacts. We seek continuous improvement in our environmental performance and aim to meet or exceed stakeholder and community expectations.

Process Property Services has set environmental objectives with the goal of:

- Controlling Process Property Services' environmental impacts and continuously improving our environmental performance,
- Reducing our carbon footprint and eliminating needless waste,
- Ensuring sustainable development and pollution minimisation,
- Providing employees with environmental training and setting clear accountabilities, and
- Complying with all relevant environmental laws, regulations, and standards that relate to the Process Property Services' operations.

This policy has been implemented and communicated throughout Process Property Services and is made available to workers and other interested parties.

The relevance and appropriateness of this policy is assessed periodically.
